### About the SAP HANA Training Course

---

SAP HANA online training from EnhanceLearn will ensure you get a good grasp of SAP HANA fundamentals, learn and deploy real-time analytics. In this training you will learn about SAP HANA Studio, features, architecture, Modelers, Security features, SAP HANA Interface and other aspects. You will perceive why SAP HANA is a fundamentally different database engine upon completion of this SAP HANA course. Our expert trainers will make you learn and get hands on experience with SAP HANA ERP.

### Why Take SAP HANA Training Course?

---

SAP HANA is one among those platforms which will find much demand form enterprises around the world thanks to its result-oriented approach to getting work done.

This SAP HANA training certification course provides you hands-on expertise and knowledge in one of the most sought-after technologies within the cloud, big data and analytics environment.

SAP HANA is one of the hottest trends in the current market as SAP HANA with in-memory architecture and efficiency has already drawn the attention of Fortune 500 companies who are dealing with huge amount of data on a daily basis.

This SAP HANA training is your road to getting high paying jobs within the technology industry as the average pay for a SAP Consultant with SAP HANA skills is \$98,264 per year, as per PayScale.com. As the demand is more and the number of HANA resources is less in the market, they get paid highly in the market.

The competition for searching jobs for SAP is very high. The job of SAP consultant is one of the lucrative career paths in the market today.
